Introduction

Have you ever thought of, that if we, everyone of us have the powers of GOD and achieve whatever we desire? Indeed we all do have those powers, but the only problem is that we do not know how to use them.

It is well known that normal people use only 3% of their mind. And believed that great scientists in our history used up to 5 to 10% of their mind. So, just imagine what could happen or what could we do if we use more fractions of our mind, if not 100%.

“You have the power to heal your life, and you need to know that. We think so often that we are helpless, but we’re not. We always have the power of our minds...Claim and consciously use your power.”
– Louise L. Hay

To begin with, I wish to give you some information regarding what are the things that we can do if we improve our power of subconscious mind, where a normal person can’t do.

The first and the foremost thing is that you can control your destiny. I mean you can achieve what you desire. It may be

your Job, Money, Relationships, Love, Goals, Healthy life, change your habits, etc., anything you desire.

Subconscious Mind Power is one of the laws of nature. Law of Attraction is best worked when you use your subconscious mind effectively. You don't need to know how it works, but how to use it. It is same as that you don't need to know how the electricity works, but how to use it. Also, no need to know how your car engine works, but it is enough if you know how to drive the car. It is a simple law which works for everyone and in the same way.

With the help of your subconscious mind power, you can even influence the other people minds for their positive benefit. But never ever influence other people minds for doing harm to them. The law never works like that, but it will come back to you doing harm to you. So, use mind power in a positive way. Other things like improving our Intuition, Psychic abilities, Telepathy, ESP, etc. Can also be developed.

This book helps you to get a basic knowledge of all these things to improve your mind power, and also helps in developing your spiritual level, but you can find many free

and paid resources for your further improvement of your mind power.

Subconscious mind power makes you to manifest your goals in an infinite ways. There is a relationship between your life and mind power. No life without mind power and no mind power without life.

Your desire should have energy so that it releases your power of subconscious mind into action.
